

INCORPORATING THE NATIONAL CONSERVATORY OF
MUSIC OF AMERICA.

JANUARY 7, 1921.—Referred to the House Calendar and ordered to be printed.

Mr. HUSTED, from the Committee on the Judiciary, submitted the
following

REPORT.

[To accompany S. 1551.]

The Committee on the Judiciary, to which was referred the bill (S. 1551) to amend an act approved March 3, 1891, incorporating the National Conservatory of Music of America, having had the same under consideration, reports it back to the House with the recommendation that the bill be passed without amendment.

In the original act, passed on March 3, 1891, the corporation created thereby was restricted in its activities to the extent that it would only be permitted to establish a National Conservatory of Music in the District of Columbia. Since that time, however, it has been recognized that better results could be obtained if the corporation would be permitted to establish and maintain branches outside of the District, and that is the effect of the bill which the committee has recommended for passage. The only additional change is the substitution of other names of incorporators.
